About me

First-year Computer Science student at Poznań University of Technology with a background in IT and hands-on internship experience. Passionate about technology, game development, and continuous learning. Strong interpersonal skills and experience in both technical and client-facing roles.

Education

IT Technician
Technical School of Communication Poznań — 2019 - 2024

I graduated from a technical high school with a specialization in IT, obtained my professional title, and passed the maturity exam. I actively spent my time at school exploring various aspects of information technology and participating in projects, such as Amnesty International letter-writing marathons.

Computer Science
Poznań University of Technology — 2024-2028

Currently enrolled as a first-year part-time Computer Science student at Poznań University of Technology. After completing secondary school, I chose to pursue further education in the field of information technology, having achieved results in my final exams that qualified me for admission.

Experience

Intern
NL-IT — May 2022

During my internship, I had the opportunity to observe professionals working on laptop and computer component servicing. I gained insight into the internal operations of an online store.

Intern
Trzynastka Plus — May 2023

I acquired hands-on experience in preparing computer hardware for sale and configuring systems tailored to individual customer needs.

Receptionist
Shape Up Fitness Stęszew — October 2023 - now

Working at a gym allows me to develop my interpersonal skills through regular customer interaction. I am also responsible for the company's social media, creating posts and graphic content.

Certificates
